MESSAGE FROM

THE HEAD OF DEPARTMENT

Welcome to the department of Civil Engineering at IET Lucknow. Our journey started in the year 1984. Over the last three decades, we have developed our expertise and competence in the core Civil engineering curriculum and research.

The department put forwards undergraduate programme in Civil Engineering, along with this post-graduate programmes include the specialization in Structural Engineering. The department aims at imparting technical knowledge of curriculum through a nice blend of coursework and projects and endows students with the ability to apply knowledge of science, mathematics and engineering to work effectively in multidisciplinary team, provide leadership and technical expertise and practice engineering with an ethical approach and concern to build a better tomorrow.

Highly qualified faculty members with surplus credentials conjointly work with unceasing efforts towards our students, helping them to learn, grow, develop and achieve their goals in their pursuit to excel in their professional career, imparting training of highest standards to the students, in the field of Civil Engineering, thus preparing them to meet the demands of highly competitive global industrial market.

For any additional information, please do not hesitate to contact us.

ABOUT THE DEPARTMENT

VISION

Our institute has taken great stride towards providing an environment suitable for all round technical and professional skill development under the guidance of one of highly reputed faculty members along with availability of facilities for practical skill development. Our students has gained enough skills and knowledge to work under industries corresponding to the field of construction , building materials, engineering consultancy , project planning and management. Thus providing a wide scope of talent that can be utilised.

MISSION

- To attract retain and Nourish facility and resource persons of international standards
- To admit talented and meritorious students and transform them into successful professionals
- To offer undergraduate programs in cutting edge Technologies with updated curriculum at par with Global standards
- Create and optimally utilise advanced centres of studies for research consultants and demand driven sponsored problem solving

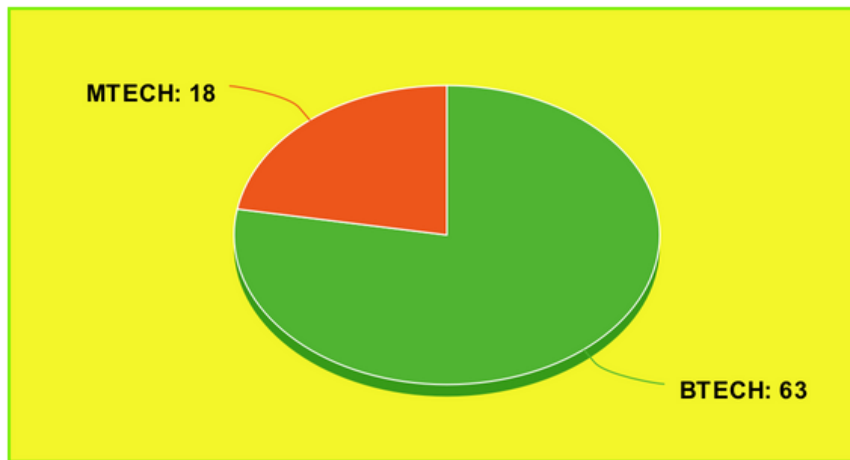

COURSES OFFERED

- **STRUCTURAL ENGINEERING**
- **HYDRAULICS AND HYDRAULICS MACHINES**
- **MECHANICS OF MATERIALS**
- **FLUID MECHANICS**
- **SURVEYING AND GEOINFORMATICS**
- **BUILDING MATERIALS AND CONSTRUCTION**
- **GEOTECHNICAL ENGINEERING**
- **QUANTITY ESTIMATION AND MANAGEMENT**
- **ADVANCED CONCRETE DESIGN**
- **ENVIRONMENTAL ENGINEERING**
- **TRANSPORTATION ENGINEERING**
- **ADVANCED FOUNDATION DESIGN**
- **HYDROLOGY**
- **WATER RESOURCES ENGINEERING**
- **OPEN CHANNEL FLOW**
- **DESIGN OF STEEL STRUCTURES**
- **PLASTIC ANALYSIS**
- **ENVIRONMENTAL ENGINEERING**
- **RAILWAY ENGINEERING**
- **EARTHQUAKE RESISTANT DESIGN**
- **MACHINE FOUNDATION**
- **DESIGN OF HYDRAULICS STRUCTURES**

AADHAR SOCIETY

Official society of civil engineering IET Lucknow which was one of the earliest of its kind to be started in the college, is a multidisciplinary students society which is guided by the faculty members.

It deals with resolving socio-psychological students' issues and also helps them indulge in various cultural, technical and sports activities other than the regular subject study.

In maintaining the same the society organises annual civil engineering fest - SPANDAN.

Other than this, the society also aims at making the students equipped with all the necessary professional skills required on the work field

INDUSTRIES WE FIT IN

The institute has provided ample opportunities and facilities for industrial skill development in students which allows them to work professionally in various domain of civil engineering like:

- Construction
- Building materials Engineering consultancy
- Irrigation
- Hydrology
- Construction Planning and Management .

Our students are also well equipped in various civil engineering related software like

- AUTO CAD
- STAAD PRO

which gives them ability to make specified designs related to any domain. Combined with practical skills our students are a talented lot waiting for opportunities.

TRAINING AND INTERNSHIPS

- RDSO Lucknow (Research Design and Standards Organisation)
- CPWD Lucknow (Central Public Works Department)
- Larsen and Toubro
- PWD Lucknow (Public Works Department)
- DMRC(Delhi Metro Railway Corporation)
- Nirman Nigam
- Hindalco Industries Limited
- Lucknow Development Authority
- Vidyut Nigam limited
- Council of science and technology
- Awas vikas Department
- Irrigation department
- Indian Railways
- Jal Nigam
- LMRC (Lucknow Metro Railway Corporation)
