

# PLACEMENT BROCHURE

IET LUCKNOW

**2019 - 20**

Institute of Engineering & Technology  
[www.ietlucknow.ac.in](http://www.ietlucknow.ac.in)

This institute has been known for its hospitality for more than three decades, and we strive hard to keep up the tradition. In case we have inadvertently slipped somewhere, I offer my sincere apologies. Our academic programme is amongst the best in the country. It provides an optimum mix of theory and practical, with strong emphasis on industrial and managerial applications. In more recent years, introduction of modern computational tools and digital equipment has further improved the program.

While the depth of training in engineering & management subjects is unquestioned, the span of our curriculum is often overlooked. IET student learns subjects across departmental boundaries and excels in extracurricular activities. The mix of technology and management skills that an IETian possesses makes him/her a valuable asset to any organization he/she works for.

## FROM THE **DIRECTOR'S DESK**

With seven departments awarding degrees in engineering, and management, we are one of the most diversified institutions. Whether you are young or old as a company, whether your business is in coal mining or in data mining, whether the job you are offering is in the shop floor or in R&D, we have the right engineer and manager for you. We give you freedom and extend to you all the physical facilities to carry out your own recruitment process on our campus. Whether you have regularly recruited our graduates and postgraduates, or you are visiting us for the first time, I am sure you will find our students very competent and you will visit us again, year after year. We look forward to a warm and enduring relationship.

**Dr Prof H.K. Paliwal**

On behalf of Institute of Engineering and Technology, Lucknow, it is my pleasure to invite you to our beautiful academic campus to conduct campus selection programme for our students. Established in the year 1984, the institute has improved in every domain in the last three decades. The students of this institute are occupying enviable positions in various organizations at home and abroad. Our students have lived up to the expectations of organizations that visit the campus, looking for bright candidates to take up important and challenging responsibilities at their workplace.

The Institute has earned fame not only for its excellent academic and extracurricular activities but also for its research, consultancy and development activities.

## A MESSAGE FROM OFFICER-IN-CHARGE PLACEMENT CELL

I am furnishing in the pages to follow all pertinent information about our college and students studying here. I would request you to kindly visit our campus for selecting candidates of your choice on any date convenient to both of us. Here at IET we look forward to nurture and extend our relationship in upcoming years. We truly appreciate the faith bestowed on us from your organization and we look forward to continuing our relationship with you. Looking forward to meeting you at our campus!

**Dr Arun Kumar Tiwari**

# ABOUT US

---

## HISTORY

IET was established by the Government of U.P in 1984, for imparting engineering education and for promoting technological research to generate suitable technical manpower.

IET fulfilled the long felt need of an Engineering College at Lucknow. It was the first state government Engineering College to start its classes in its own campus from the beginning itself.

## VISION

To effectively contribute towards the national endeavor of producing world-class manpower and to usher in technology-driven economic development of the country in order to enrich the quality of life of its citizen by promoting innovative technologies and optimal utilization of resources for sustainable development.

## MISSION

- To establish global state-of-art facilities and resources that will prepare and enrich the human resource by promoting all-inclusive research and developments.
- To inculcate entrepreneurship skills in the students in order to optimize resources to achieve economic growth by improving the quality of life of the citizens.
- To instill problem-solving skills for overcoming real-life challenges by imparting values-based professional education.

---

Less than

**0.32%**

of the 1,48,000 students who appeared for the test this year eventually secured admission.

---

The college is ranked

**1st**

among all the 600+ engineering colleges under DR APJ Abdul Kalam Technical University

---

Ranks

**6th**

in Uttar pradesh and is exponentially rising in the national rankings.

---

# INFRASTRUCTURE

## ACADEMIC BLOCK

The campus is self-sustained and is well equipped with requisite amenities to meet the needs of an Institute such as classrooms of different capacities, laboratories, library, Air conditioned conference hall, administrative block, dispensary and a seminar hall.

## LECTURE THEATRE

The Institute possess neoteric classrooms, lecture halls and conference hall. Many among of them are well equipped with modern facilities such as multimedia projector, LAN & WiFi connectivity, etc., which go along well with today's digital age of teaching. It is made sure that the students get an atmosphere which is comfortable, enhances learning and foster their young minds.

## HOSTELS & OTHER FACILITIES

The Institute campus houses 8 hostels for boys and 4 for girls. The hostels are Wi-Fi/Lan enabled and well equipped for comfortable lodging and boarding of the students. A Bank in the college premises itself, Dispensary

for medical care & Canteen facilities in the campus add to the state-of-the-art infrastructure. Recreational facilities include a badminton court & grounds equipped for cricket, football, volleyball and basketball.

## AUDITORIUM

With the capacity to accommodate more than 1000 people IET's auditorium is the home to all the major happenings be it seminars from eminent dignities or the hosting of college fests. Fully air-conditioned the auditorium can serve as the best place for the recruitment company to host a pre placement talk.

## LIBRARY

The Central Library plays a vital role in supporting and furthering the academic and research mission of IET and facilitates creation and dissemination of knowledge. The range and quality of services offered by the Central Library are comparable to any modern libraries in India of International standard. In a nutshell, currently it is having over 123000+ volumes of Technical, Text and General books. Library also has resources like popular magazines/print journals, Institute project reports & theses.

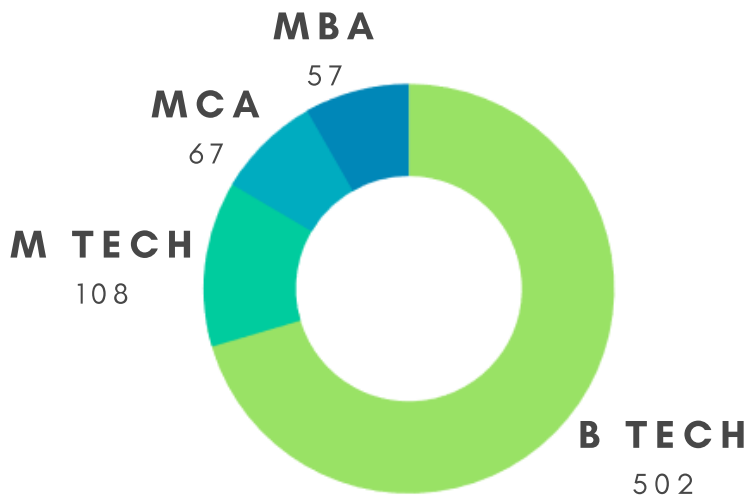

## COMPUTING CENTRE

The Institute paces its technical education with 3 of its well-equipped computing laboratories and a digital Lab. These life-lines of the Institute manages all the computational and network services. IET Lucknow has an extensive fiber optic network over the entire campus.

The Internet connectivity to the campus is through a dedicated 2 Gbps leased line from National Informatics Centre, serving academic block, administrative block, computer center, all hostels and faculty residents counting to a total of 1500 LAN terminals.

# ACADEMIC PROGRAMMES

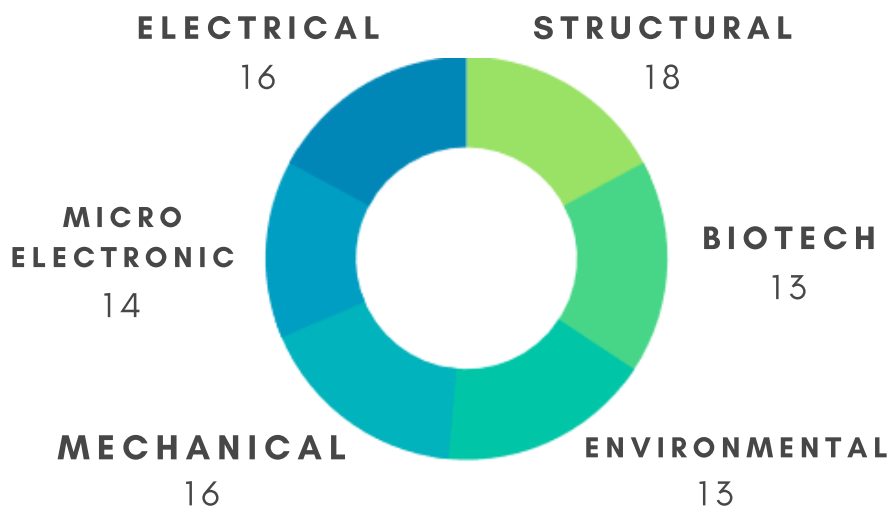

The college has various under graduation and post graduations program, each run and supervised by its own departments, with most no. of students in B Tech degree program totaling up to 502.

## BACHELORS OF TECHNOLOGY

The B Tech program is finely divided among 6 departments and 8 branches. The demographics alongside show the strength of each branch.

## MASTERS OF TECHNOLOGY

The college is promoting in depth study and research, thus has been a host to a various diverse higher studies program.

# STUDENT LIFE

---

IET provides an environment that nurtures leaders in addition to sound engineers. Notwithstanding the tight academic schedule that students have, they manage to indulge in various extra-curricular activities. A host of activities ranging from collaborative learning and national level festivals to managing facilities like messing and hostel infrastructure are entirely managed by students. These activities provide a multitude of holistic improvement platforms for students to hone their technical and managerial skills, which are imperative for one to excel in his/her workplace.

## FESTS AND COMPETITION

---

### ENCORE

Cultural fest of IET

The Cultural Festival of the institute, ENCORE has been a perennial feature of the city of Lucknow poised in its own unique way between the pedestals of industry and civilization. It's a celebration of the human spirit, thoughts, and ideas. The thousands of people that are drawn in by some of the biggest celebrities and crowd pullers make ENCORE one of the biggest cultural events in the northern region.

### PARAKRAM

Tech fest of IET

The annual techno-management festival of IET, Parakram is a summit of the theoretical and practical aspects of engineering with an exposure on the latest trends and innovations. Attracting participants from all over the state, it hosts workshops, guest lectures conducted by the best in the industry and academia, coding, robotics events, paper presentations, and various other events.

# SHAURYOTSAVA

Sports Fest

Shauryotsava, The annual sports fest of IET Lucknow offers wide scope for the students to excel in the domain of sports and games. The students play a wide variety of sports and games such as Cricket, Football, Badminton, Basketball, Table tennis, Volleyball, Chess, Lawn Tennis, Athletics, Aquatics etc.

## CLUBS AND SOCIETIES

---

### FRACTAL

The Programming Club

With a strength of 200+ students each year the freshmen learn to excel in competitive coding under the mentorship of fellow seniors. Since its inception, Fractal has shown the prowess of a student-run club that can lead the college to great heights. The major of achievements include IET Lucknow's global rank being 21 in SPOJ and students qualifying for ACM-ICPC.

### SAE

Automobile /EcoKart

SAE Collegiate Club is a club under the Student Activity Center(SAC) of IET Lucknow promoting activities related to automotive engineering. In the very first year of its formation, under the team name "EQUINOX", the club participated in "EcoKart Series 2016", secured 2nd rank in the virtual round and put up an excellent show in the dynamic round.

# ROBOTICS CLUB

Working in groups on various projects, seeking help from the open sourced community and seniors, finally, the Robotics Club of IET came into official existence. The club is an integral part of the college that has helped students from all disciplines to learn automated, manual or state of the art robot production.

# WHITEBOARD

Student Media Body

www.ietwhiteboard.com is the student media body of college. IET Whiteboard covers all the events, activities and issues inside the college; acts as a bridge between Faculties, students, alumni and other stakeholders of IET LUCKNOW.

# PARMARTH

Social Club of IET

Parmarth is a student-driven initiative to endeavoring to educate underprivileged in the vicinity of the campus. The students are provided with stationary, textbooks and notebooks.

# EXCELSIOR

Literary Club

The club is home to the students having a passion for literature, debating, poetry writing, creative writing, elocution etcetera; to showcase talent. It is largely viewed as a unique platform to all the literary enthusiasts in IET Lucknow.

# NAKSHATRA

Astronomy Club

Throughout the year, the club organizes workshops, competitions, presentation seminars relating to astronomy. In collaboration with Indira Gandhi Planetarium Lucknow and UPAAC, Nakshatra is the only active astronomy club in UP after IITK.

# ACHIEVEMENTS

---

✦ Hon'ble Education minister Shri Prakash Javadekar presented IET with 'India Excellence Award 2017' as the best govt engineering college in North India

✦ IET is one of the few colleges in UP identified under Technical Education Quality Improvement Programme TEQIP Phase 3 for the transformation of the technical Education System in India in partnership with the World Bank

✦ The Department of Civil Engineering is approved as the State Technical Agency for Pradhan Mantri Gram Sadak Yojana, by both the Central and State Government

✦ Paper titled "Bending of Light near a Star Gravitational Red/Blue Shift & Black-Hole" was presented by Dr RC Gupta (Professor Mechanical Engineering) at International Conference on Relativistic Astrophysics at Stanford University, US

✦ IET Lucknow served as the host for the AKTU's Annual State Level Cultural fest 'Pravah' and Tech-fest 'Abhigyan'

# IET in NEWS

- ✦ Hon'ble Home Minister of India Shri Rajnath Singh marked his presence in IET campus this year on occasion of a Book Launch and addressed the young engineers to take innovation in India to a great level.

## IET records best campus placements in 5 years

TNN | Mar 30, 2016, 01:29 IST

✉ 🖨 A- A+

Lucknow: The 2015-16 campus placements at the Institute of Engineering and Technology (IET), a government-aided constituent college of APJ Abdul Kalam Technical University, have been the best in the past five years.

Starting from December 2015-end, the three-month placement drive saw recruitment of 211 engineering students. The final year batch is of 560 students, of whom 403 secured average 60% marks in all the semesters and were allowed to appear for campus placements. In comparison, 95 students got jobs through campus placement in 2009-10, 96 were placed in 2013-14 96 and 165 in 2014-15.

- ✦ The Placement Cell has succeeded in pairing up talented students with the right industries, a prove being increasing number of student selection

- ✦ On September 27, 2018 Institute of Engineering and Technology, Lucknow witnessed the arrival of one of the most celebrated personalities in the country - Padma Shri Dr. Y.S Rajan.

# ALUMNI

The alumni of IET Lucknow are of the highest caliber and repute. Many of them have reached positions of eminence in their selected fields of professions. They have reached perfection through excellence in their selected fields industry, business, the public sector, academics and research or as entrepreneurs. The Institute recognizes its alumni who have distinguished themselves through their work and have done the Institute proud. This Institute also involves Alumni in its educational and research activities wherever possible, by inviting them to participate on its advisory boards, as visiting faculty or guest speakers.

# PLACEMENT PROCEDURE

The Placement Season begins in the month of July and goes up till June of the following year - From July '18 to June '19

Invitations with the placement timeline and other relevant information are sent out to organizations by the Placement Office since the month of March.

Post intimation by a company and submitting the JNF, a list of interested candidates satisfying the company's criteria is prepared.

The tentative date of the slot for the companies visit is worked on the basis of the package offered by the company. After confirmation, the office arranges a Pre-Placement Talk.

The company conducts its selection and shortlists students for the interview. The results are usually announced on the same day.

Students who receive confirmation letters are reserved for the company and not allowed to sit for any other visiting company. Also once into the selection process, no student can drop out in the intermediate stage,

## THE FACILITIES INCLUDE

- Computer Center with a capacity of 150+ Computers.
- Auditoriums to conduct workshops and pre-placement talks
- Tele-interview rooms
- Video-conferencing facility
- Air-conditioned office and interview cabins
- Infrastructure to support online and written screening tests

The Placement Office is responsible for campus placement at IET Lucknow. The Placement-in-Charge, the Deputy In-charge, the Placement Office staff and the student representatives handle various crucial tasks in the office like reaching out to companies, scheduling & executing placement related activities and carrying out all official communication with recruiters and with students. The team strives to strike a match between recruiter expectations and student aspirations. The team of student representatives consists of the Placement Managers who coordinate the activities of the other student members and ensure compliance with various Institute policies; Company Coordinators who execute coordination with the recruiting organizations; and Department Placement Coordinators who steer student preparedness and employability enhancement initiatives. The Placement Office is well-equipped with excellent infrastructure to support every stage of the placement process.

# PAST RECRUITERS

# RECRUITER'S SAY

---

*"My personal thanks to the college faculty for imparting the good quality of education in engineering areas. Our team was very happy to see the hospitality which is fantastic and wonderful, excellent arrangement and logistics."*

**- Suresh Mahana**  
Bharat Electronics Limited

*Excellent experience to visit this great Institution. Right from the beginning, the punctuality, cordial welcome/reception, the quality of students and much more. This is my first visit as a recruiter (for Merchant Navy) to this esteemed institution and sincerely hope that a few of the students to join this lucrative profession. I look forward to visiting this great institution every year."*

**- Satish Oberoi**  
Anglo Eastern Limited

*It's a privilege to visit and interact with IET students. They are one of the brilliant minds in the country. I will rate the vigor in students at par with some of the top tier institutes. IN future, IET will appear as one of the most preferred schools to hire from.*

**- Vivek Singal**  
Founder, Valuefy

*"It was our pleasure to be in IET for campus placements. We appreciate the kind of support offered by the Institute"*

**- Neerav Nail**  
Founder, Analytic Quotient
